I truly did not intend to ruffle any feathers and only intended to help us be better prepared for a constructive meeting next week. I will respect your wishes, and I look forward to our meeting on the 10th.

Subject: Future Contact with Current EPA Employees

Matt-

I understand that you recently spoke to Louise Gross in the Office of Regional Counsel at EPA concerning USG's violation at its Red Wing, Minnesota plant of the Primary National Air Ambient Quality Standards for sulfur dioxide (SO₂ NAAQS). Louise stated you informed her that she could choose not to speak with you about it, but she agreed to. I'm writing to address your communications with EPA going forward.

I'm glad that you feel comfortable discussing environmental law issues with Louise, and hope this continues; except with regards to EPA's case concerning USG's violations at its Red Wing Facility of the SO₂ NAAQS. Please direct all such communications to me, as appropriate under the protocol of Illinois Rule of Professional Conduct 4.2, ISBA Professional Conduct Advisory Opinion No. 13-09 (October 2013), and any other applicable rule, guideline, or opinion.

I appreciate your cooperation in this matter.

John
